IOWA STATE COLLEGE
DEPARTMENT OF
GEOLOGY AND MINING ENGINEERING
AMES, IOWA

Ames, Iowa. Oct. 8, 1902.

Dr. W.J. Kerr,
Logan, Utah.

My dear Sir,- I am informed that Mr. E.D. Ball, at present Associate Professor in the Colorado Agricultural College, is a candidate for the Professorship in Animal Biology in your institution. I have known Professor Ball for some ten years both as student and teacher. I have known him to be a young man of exemplary habits, a thorough student, a good scholar, an able teacher, and an enthusiastic investigator. Mr. Ball made a good record with us in the Sciences and has had splendid opportunities since he left Ames. I believe that he is well equipped to give any college good service in his chosen line.

Yours very truly,

S. W. Beyer
